

Minutes
Native American Landscape Subcommittee
October 22, 2002
Elk Grove Maintenance Station

Attending: Kathy Wallace, CIBA
Cassandra Hensher, CIBA
Jennifer Gilles, CT ???
Darold Heikins, CT ///
Tina Biom, CT
David Beach,
Claudia Gumbo
Kathleen Sartorius

Minutes of September 12, 2002, meeting approved with one change.

Review of "Maintenance flow chart"

- Gathering site information should go to District Landscape Specialist not Dave Beach
- Need to develop a standard format to report site location and treatment to District Landscape specialist.
- Maintenance staff wants site information to come from environmental to assure accuracy.
- Information can go both ways – Maintenance crews can give information to Environmental.
- Environmental should have "database" of sites. Information important to project development as well as Maintenance.

Review of action items.

9/12/02

1. Cassandra will be attending Landscape Architects Board meeting in February.
2. Kathleen distributed a draft packet. Will continue adding information.
3. & 4. Tina had lists. She will email to all. Kathleen will include in packet.
5. Jennifer Gilles attended for Gregg Erickson.
6. Tina distributed memo.
7. See above. Group discussed. Kathleen will make suggested changes. Darold will make chart for Landscape architects. Review of Landscape architect chart will be on the agenda for the next meeting.
8. Cassandra will forward files to Cynthia. *Cynthia*

7/23/02

1. Kathleen Provided information.

Encroachment permits

Items of discussion/concern

- Permit site specific or district wide.
- Why no gathering on freeway?
- What about endangered species in right-of-way that have historically been gathered. Jennifer will check if any legal decision on this.

Notes:

- Last ~~11~~ years number of basketweavers has increased from 250 to 650.
- Landscape specialist is a Maintenance class. Person has a background as arborist, horticulturist or in pesticides. Person develops spray plan and reviews permits
- Would be good to find or develop short course or video.

Books:

- Kashya Pomo Plants, Jeanie ???
- Yurok – Karuk Basketweavers, O'Neals
- Before the Wilderness – Environmental Management by Native Californians, Blackburn and Anderson
- Common Riparian Plants of California, Farber and Hollands, ?

Next meeting at Gateway or Venture Oaks
